

# Bubbles

Lisa Gorman

*Mum to Emily*

After a long day, we jump in the tub  
For bubbles and splashing and rub-a-dub-dub

First are my feet and then come the legs  
Bubbles on my tummy and over my head!

The sound of the splashing and warm water  
Makes me think I could stay in here longer

But out we must go I'm lifted up with three cheers  
"But daddy you forgot to wash behind my ears!"
